Multi-mode Vertical Mouse

Features:

Dual-Mode Wireless Connection

Switch seamlessly between Bluetooth and 2.4GHz wireless modes for a stable and flexible connection, making it easy to pair with multiple devices for work, study, and everyday productivity.

Ergonomic Vertical Comfort

The ergonomic vertical design keeps your hand in a natural position, helping reduce wrist strain and improve comfort during extended hours of use at home or in the office.

10m Wireless Freedom

Enjoy a reliable wireless connection with an operating range of up to 10m (33ft), giving you greater flexibility and freedom to control your device without cable limitations.

4000 DPI Precision Tracking

Adjustable sensitivity levels up to 4000 DPI provide smooth, accurate cursor control for everyday office tasks, creative work, and precise navigation across different screen resolutions.

Broad Device Compatibility

Designed to work with a wide range of operating systems, allowing effortless connectivity across desktops, laptops, and other compatible devices for a seamless user experience.
